

Ace™ WEATHER DEFENDER

Diamond Ace Weather Defender

Complete protection for the exterior walls of your home.

A premium, acrylic-based exterior emulsion, Ace Weather Defender provides long-lasting resistance against harsh weather, moisture, and surface alkalinity. Its advanced formula helps preserve colour vibrancy while maintaining a clean, fresh finish over time. Designed for durability, it extends the life of exterior surfaces and delivers a washable, dependable finish. Available in a wide range of vivid and vibrant shades.

Recommended for:

Plaster, concrete, gypsum and brickwork surfaces.

WEATHER INTELLIGENT TECHNOLOGY

Diamond's Weather Intelligent Technology allows the paint to adjust to extreme heat and cold, helping exterior walls remain protected and stable throughout the year.

WATER & UV RESISTANT

The advanced formula resists water penetration by creating a beading effect and shields walls from harmful UV rays that can cause damage and cracking over time.

NO COLOR FADE TECHNOLOGY

This technology locks in color vibrancy and helps your home retain its freshly painted look even after prolonged exposure to strong sunlight.

LOW VOC

The low-VOC formulation reduces odour, supports better air quality, and makes it a more environmentally responsible choice for everyday living.

DIRT SHIELD

Active ingredients resist dust and grime buildup, helping exterior walls stay cleaner for longer and reducing the need for frequent washing.

ROSE FRAGRANCE

A pleasant rose fragrance masks strong paint odour, creating a more comfortable experience during and after application.

ANTI MOULD & FUNGUS

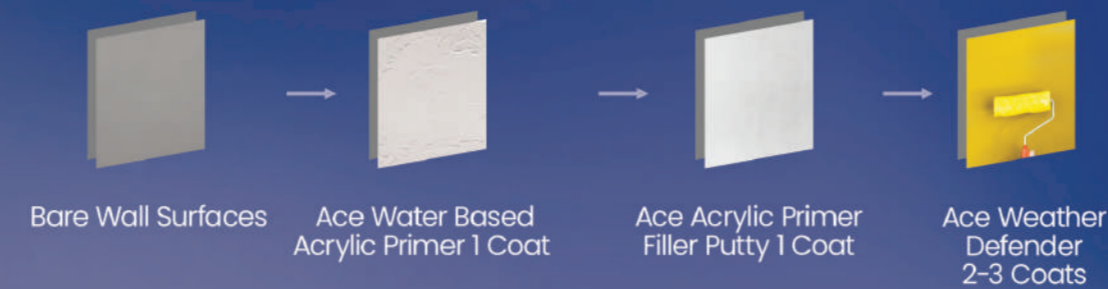

Advanced anti-fungal and anti-algae technology prevents mould, black spots, and fungal growth, extending wall life and supporting healthier surroundings.

ANTI BACTERIA

The specialised formulation inhibits bacterial growth and contributes to a cleaner, safer, and more hygienic home environment.

Recommended Painting System.

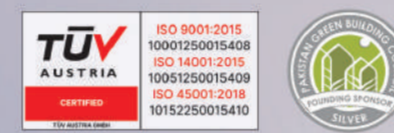

ACRYLIC PRIMER FILLER PUTTY

Acrylic Based Smooth Finish Excellent Filling Property Easy to Apply Easy to Sand

WATER BASED ACRYLIC PRIMER

Acrylic Based Alkali Resistant Strong Adhesion
